

Catastrophic Case Management

Extreme injuries require meticulous handling right from the start. ALARIS Catastrophic Case Managers are exceptionally qualified to assess the injury, clarify the diagnosis, define the treatment plan and coordinate all necessary services to stabilize the patient. Their timely involvement can expedite the transition from acute care to optimal functioning—and lessen the cost of the loss.

- Available 24 hours per day
- Available 365 days per year
- 12 to 24 hour visit response time
- Experienced CAT Case Managers
- Team of Registered Nurses
